## Conscious Discipline (CD) Online Trainings

The Children's Trust, in partnership with Brainheart Guidance, is offering Conscious Discipline training for eligible educators currently employed in a DCF licensed facility, Family Childcare Home or public school system working with children 0-4 years old.

Conscious Discipline® is a comprehensive classroom management program and a social-emotional curriculum. It is based on current brain research, child development information, and developmentally appropriate practices. Conscious Discipline® has been specifically designed to make changes in the lives of adults first. The adults, in turn, change the lives of children.

Conscious Discipline offers solutions for social-emotional learning, discipline and self-regulation. The goal is to help parents and schools reach and teach every child. Once instilled, these essential skills will last a lifetime and positively impact generations to come.

Conscious Discipline is a comprehensive emotional intelligence and classroom management system that integrates all domains of learning (social, emotional, physical, cultural and cognitive) into one seamless curriculum.

If your childcare center staff is interested in online training through Conscious Discipline, please contact the Early Learning Career Center.
